# The Power of PURPOSE

"DaVonna is an amazing mentor, in and out of the industry. By far one of the most genuine and supportive women I have had the distinct pleasure of knowing. She is the epitome of empowerment and inspires me daily to be diligent and trust the process. Words cannot serve justice to the blessing she's been to me but if I had to try, I'd simply say her positive energy and encouragement has been surreal and nothing less than  
ICONIC! "

"We empower women toward personal greatness. We instill hope and revive dreams. We are living examples that you are wonderfully created with a purpose!"

## WE TURNED OUR PAIN INTO POWER

Despite our differing backgrounds, cultures, languages, and religions, every woman has experienced some major barrier on her road to self-discovery.

Whether it's abuse, neglect, condemnation, ridicule, lack of support or resources - **WE ARE UNITED BECAUSE WE OVERCAME!**

Instead of becoming victims, it fueled a positive course of action within us. With love in our hearts and faith in one another, we determined to **TURN OUR PAIN INTO POWER!**

The ultimate result is women operating from a place of love, self-respect, unity, faith, confidence, and power.

*"Our mission became clear: to empower women to step into their greatness despite the odds against them!"*

When we style a client, it gives her a safe place to tell her story, and us the chance to speak life into her dreams! Our jewelry is a symbol that the life she desires is actually attainable. As a result, there is a reawakening of purpose, and a new woman is born!

**THIS IS THE  
GREATEST WORK OF  
ALL!**

"When she is adorned in a brilliant accessory, she experiences an instant sensation of empowerment and excellence - causing her internal light to shine."

"DaVonna's spirit and vision for how accessories can empower women to move into their own extraordinary abilities are not short of a miracle."

"As We Shine in  
Our Own Light, We  
Unconsciously Give  
Others Permission  
to Do the Same"

"When wearing her accessories, I truly feel unstoppable. Every woman should have a piece from her collection."
